Miraculous Benefit RECEIVED FROM Dr. Miles' New Heart Cure.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsel Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, money refunded, if not cured. Book on diseased heart, free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

DEWEY'S WARSHIPS

Soon Be Ready For Any
Who Threaten His Possession of Manila.

SUPPLIES FOR THE CUBANS

Will Not Be Taxed, According to a Decree of President McKinley—One Hospital at Chickamauga Closed—Express Companies and the War Tax—Preparing to Go Home.

Washington, Sept. 7.—A report from Constructor Capps at Manila just received here states that aside from the small gunboats that have been raised and put into the service of Admiral Dewey none of the Spanish ships of war engaged in the battle of Manila bay are likely to be raised. Mr. Capps was sent to the Asiatic station especially to assist in putting the squadron in first class condition for any emergency.

Already the flagship Olympia and the gunboat Albatross have been docked and cleaned at Hong-Kong and the Boston arrived there last Saturday for the same purpose. Within the course of a few weeks at the outside, Admiral Dewey's squadron will have been thoroughly renovated and reinforced as has been the Monterey and the Monadnock and with other ironclads within easy reach, the admiral will be in shape to meet any who may threaten to disturb his possession of Manila.

FREE OF DUTY.

President Decides That Supplies For Cubans Shall Not Be Taxed.

Washington, Sept. 7.—The president late yesterday issued the following:

EXECUTIVE MANSION, Sept. 6, 1898. By virtue of the authority vested in me as commander-in-chief of the army and navy of the United States of America, I do hereby order and direct that upon the occupation and possession of any ports and places in the island of Cuba by the forces of the United States, beef cattle and other food supplies, intended for the starving inhabitants of the island, may be admitted free of duty, subject to the discretion of the commanding officer of the United States forces at the port of entry, who is hereby charged with the responsibility for the gratuitous distribution of said food supplies to the starving inhabitants of the island.

WAR TAX.

Express Companies Have Not Decided to Pay It.

Chicago, Sept. 7.—W. H. Damsel, a member of the board of managers of the Adams Express company, says the report that the express companies have decided to pay the war tax is not true and that no conference has been held between the officials of the American, Adams and United States Express companies at Chicago. Mr. Damsel further says that the express companies believe that the position taken by them is absolutely right, and in view of this fact he does not see how it will be possible for them to recede from the stand they have taken.

HOSPITAL CLOSED.

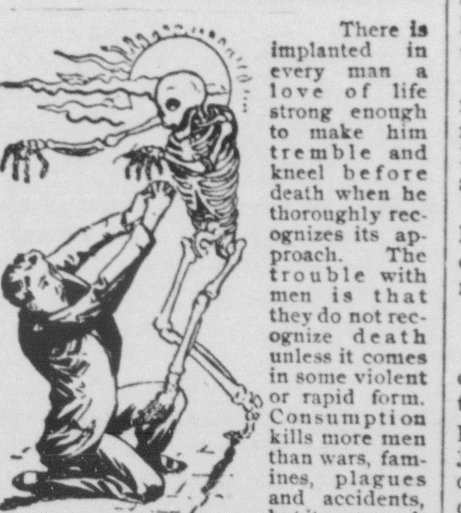

General Boynton Makes Report of the Fact From Chickamauga.

Washington, Sept. 7.—The following telegram was received yesterday at the war department from General H. V. Boynton at Chickamauga: "Second division, Third corps, hospital closed yesterday. This is the one that has been most generally and severely criticised. Following is its record since its establishment June 10. Total number of patients, 2,462; total deaths, 33. Of these cases 370 were typhoid, and of the total deaths 28 were from typhoid."

PEACE COMMISSION.

Justice White Declines and Senator Gray Offered the Place.

Washington, Sept. 7.—It may be said

There is implanted in every man a love of life strong enough to make him tremble and kneel before death when he is threatened by it. The trouble with men is that they do not recognize death unless it comes in some violent or rapid form. Consumption kills more men than wars, plagues and accidents, but its approach is insidious, and men do not realize that they are in its clutch. While consumption is a germ disease, the bacilli will not invade sound and healthy lungs. The lungs must first be in a diseased condition. First a man feels a little cough and sore throat. His appetite falls off. His digestion gets out of order and his blood does not receive the proper amount of life-giving nutriment. The liver becomes torpid and the blood is filled with impurities. These are pumped into every organ of the body, building up unhealthy, half-dead tissues. The most harm is done at the weakest spot, and most frequently that spot is in the lungs. A slight cold leads to inflammation, the bacilli invade the lungs and we have a case of consumption.

Ninety-eight per cent of all cases of consumption are cured by Dr. Pierce's Golden Medical Discovery. It is the great blood-maker and flesh-builder. It restores the lost appetite, makes the digestion perfect, invigorates the liver, purifies the blood, builds new and healthy flesh and drives out all impurities and disease germs. It cures weak lungs, spitting of blood, obstinate coughs and kindred ailments. No honest druggist will recommend a substitute.

Mrs. Ursula Dunham, of Sistersville, Tyler Co., W. Va., writes: "I had a pain in my side all the time, had but little appetite and grew very thin. The 'Golden Medical Discovery' promptly cured me, restored my appetite and increased my weight."

positively now that Justice White of the United States court has finally declined the tender of a membership in the Spanish-American peace commission. It is now understood that the vacant place has been offered to Senator George Gray of Delaware, one of the leading Democratic members of the Senate and a member of the minority on the foreign relations committee.

GETTING IN SHAPE.

The One Hundred and Fifty-Ninth Regiment Preparing to Leave Camp Meade. Camp Meade, Middletown, Pa., Sept. 7.—The Third Missouri regiment started away yesterday from Camp Meade for Fort Leavenworth to be mustered out. The Sixth Pennsylvania will be the next to leave. The One Hundred and Fifty-ninth Indiana and Seventh Illinois are getting in shape to move and expect to start tomorrow.

Five Years' Imprisonment.

Washington, Sept. 7.—Private Kinney of Company H, First Mississippi, who made an assault upon the commanding officer of his regiment, Colonel Govan, at Chickamauga last Saturday night, and afterward threatened to shoot the adjutant of the regiment, will suffer severely for his folly. He was tried by court-martial and sentenced to five years' imprisonment in a military prison.

Coin For Troops.

New York, Sept. 7.—Twelve safes, containing coin to the amount of \$700,000, were taken from the sub-treasury yesterday and will be sent to Ponce, Porto Rico, on the steamer Yucatan, which leaves this port today. Upon arriving there Major J. C. Muhlenberg, paymaster in the United States army, will commence the work of paying the United States troops remaining on the island.

OVATION TO SCHLEY.

Hero of Santiago Arrives at San Juan. Member of Military Commission.

San Juan de Porto Rico, Sept. 7.—The United States transport Seneca, carrying Rear Admiral W. S. Schley and Brigadier General W. W. Gordon of the Porto Rico military commission, arrived here yesterday. The United States protected cruiser New Orleans, which is lying in the harbor, fired an admiral's salute of 13 guns.

The Spanish gunboat Isabel Segunda responded with 13 guns, whereupon the New Orleans sent the Spanish flag at the peak and saluted it with 13 guns.

A boat immediately put off from the New Orleans to the Seneca and took Admiral Schley aboard. As he went over the steamer's side, her passengers, among whom he had become exceedingly popular, gave three cheers and a "tiger." One man in his enthusiasm yelled: "Hurrah for the next president." Admiral Schley was given an enthusiastic reception on board the New Orleans.

The Seneca brought also the postal commission, 30 nurses and six contract surgeons. When the admiral's pennant was raised on board the New Orleans, the marines paraded and the band played. Shortly before noon the Spanish brigadier, General Valeriano, made an official visit to Admiral Schley and was saluted with seven guns.

PORTO RICO TROOPS.

War Department, It Is Said, Will Send Them to Montauk Point.

New York, Sept. 7.—General Shafter has been informed, unofficially, that four transports with troops from Porto Rico will, upon their arrival off New York, be directed to disembark at Montauk Point the regiments they bring. General Shafter has understood, unofficially, that the Ogdan and Mississippi are two of the troop ships, and that the four vessels alluded to are due to reach Montauk Point today and tomorrow.

It has been understood as having been ordered by the war department that none of the troops that have been in Porto Rico were to go to Montauk Point, but that all should land in New York and go to their homes or posts from this city. No one whose opinion is valuable hazards an explanation of the change in the secretary of war's design.

Colonel Turner of the First Illinois regiment says that one Porto Rican regiment will occupy the tents the First Illinois will vacate, which they will do as soon as they can get transportation. The Ogdan brings General Miles and his staff and nine companies of the Second Wisconsin, 28 officers and about 800 men.

Encouraging Report.

Washington, Sept. 7.—The most encouraging report that has come from the sick soldiers in Cuba since the appearance of the dreaded fever, in the judgment of Adjutant General Corbin, came yesterday afternoon to the war department in the following telegram from Major General Lawton: "One hundred and fifty convalescents and others leave today on the Vigilanza. Not to exceed 50 sick of the Fifth army corps now remaining. Ample transportation for them."

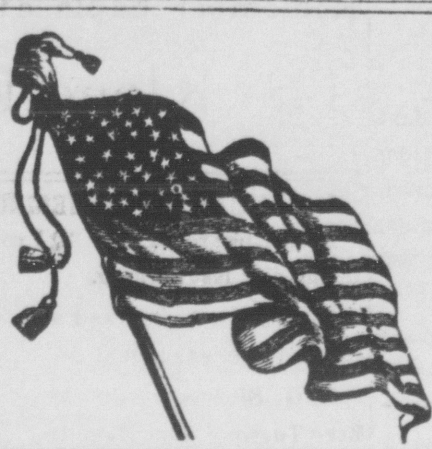

No Proof of Avarice or Cruelty.

Washington, Sept. 7.—Admiral Dewey was recently called upon to investigate reports that the Spanish prisoners taken by the insurgents in the Philippines were subjected to cruel treatment. A message from him says he is unable to find any proof of acts of cruelty on part of insurgents.

SENATOR KENNEY.

Again Indicted by the Federal Grand Jury at Wilmington, Del.

Wilmington, Del., Sept. 7.—The federal grand jury has returned another indictment against United States Senator Richard R. Kenney, already charged with aiding and abetting Defaulting Teller William N. Boggs to misapply the funds of the First National bank of

Dover. There is a previous indictment against Kenney and he will be summoned for retrial at the October term of the United States circuit court. The indictment just returned charges Senator Kenney with conspiring with Teller Boggs to misapply the bank's funds.

Vermont Elections.

White River Junction, Vt., Sept. 7.—Returns from 134 towns show the following vote for governor: Smith (Rep.), 24,781; Maloney (Dem.), 9,993; Wyman (Pro.), 645; Smith's plurality, 14,788; and all others, 100; Woodbury's plurality, 17,182; majority over all, 16,392. The whole Republican state ticket is elected with majorities corresponding to that for governor.

TO BE RANSOMED.

Spanish Government Will Pay Insubstantial to Release Prisoners.

Madrid, Sept. 7.—The cabinet has authorized the foreign minister, Duke Almodovar de Rio, to negotiate with the Philippine insurgents to ransom the 5,000 Spanish prisoners now in their hands, and it has been decided to transmit money to Manila for that purpose and for the relief of the Spanish troops, which are urgently in need of funds. The ministers will ask General Jandenes, the commander of the Spanish troops in the Philippine islands, how to transmit the funds.

The government has also cabled to Captain General Macias at San Juan de Porto Rico, requesting him to furnish fuller details of the American economic regime in the island of Porto Rico. This step was taken after considering his first report on the subject.

Miss Jessie Schley.

Havana, Sept. 7.—Miss Jessie Schley, Admiral Schley's cousin, who went to Madrid on a peace mission last July as a delegate of the Women's International Peace association, has arrived here from Spain on board the steamer Lafayette. She comes in connection with relief work and will have an interview with General Blanco.

Lexington, Ky., Sept. 7.—The corner stone of the new \$135,000 courthouse in this city has been laid. Fully 2,000 people were present and the ceremonies were conducted by the Masonic fraternity. A bottle of 16-year-old whisky and stories of the battles of Manila and Santiago were placed in the stone.

HORRIBLE ACCIDENT

Two Spans of a Bridge Fall—Loaded With Workmen.

TWENTY-SEVEN DROWNED

Pier of the International Bridge Across the St. Lawrence River at Hogsburg, N. Y., Weakened by the Swiftly Flowing Waters—Horror of the Scene Described by an Eye-Witness.

Hogsburg, N. Y., Sept. 7.—Two spans of the International bridge of the New York, Ottawa railroad, now under construction across the St. Lawrence river, about three miles above St. Regis Indian village, fell yesterday without warning, with 60 men at work on the bridge, all being thrown into the river, some 60 feet below. Over 30 were picked up and taken to Cornwall hospital and 27 are missing. The bridge that gave way was being built across the St. Lawrence river at the foot of Long Sault rapids, near Reinhardt's island. The water at this point is known to be as swift as in any part of the river. The immediate cause of the disaster and the giving away of the span of the bridge seems to have been from the washing away of one of the large piers.

Agonized Shrieks of Men.

An eye witness of the fall of the New York and Ottawa railroad bridge says he was sitting on the bank of the river, watching the workmen above him when, without warning, there came a fearful crash. Two spans of the bridge collapsed, the immense mass of timber and iron dropped and the agonizing shrieks of the men who are being crushed in the wreck were drowned by the rushing waters. Then he saw bodies coming to the surface and the work of rescue began. This was helplessly inadequate, there being only a few boats in the vicinity and very few men who would undertake to swim out into the turbulent waters. Many who might have been saved were drowned before help could reach them. Piteous appealing faces sank beneath the waters before the eyes of helpless onlookers.

Many Mangled Bodies.

Mangled bodies came to the surface for a moment and then passed out of sight. It was a terrible and heart-rending scene. Even those who were not to land alive were in such condition that many died on the way to the hospital. Some had their backs broken, others both legs, while others were crushed by the heavy iron.

About 50 of the men employed on the span were Americans who came here to work for the Phoenix Bridge company. The remainder were mostly Indians, who acted as assistants. Every man on the division went down with the wreck. Many of those who escaped climbed up the iron work, which still rested on the piers at either end. The scene around the Hotel Dieu, where the wounded and dying were taken, was heart-rending.

OLD VETERANS

Many Favor Discontinuing the Annual National Encampment.

Cincinnati, Sept. 7.—The second day of the 32d annual encampment of the G. A. R. was a banner day—a star-spangled banner day—in every way. The weather is delightful. It has rained every night preceding the encampment days and after a shower last night the weather is still cool. The naval parade yesterday was under clear skies, and nature smiled on the old veterans today.

There will not be many more of these annual parades, and some of the veterans favor discontinuing the annual demonstrations, because they are getting too old for long trips as well as for parading. Some advocate the discontinuance of encampments because they want all remembrances, even of sectional differences, wiped out, but they say they will attend the annual encampments as long as they are held. There are none here who held high rank in the civil war, and it is frequently remarked that the leading federal commanders seem to have gone, while several of the confederate leading commanders survive. The leading surviving officers of the civil war are prevented from attending the encampment this year on account of the Spanish war. Among the ladies who are missed none is referred to more than Mrs. John A. Logan. Many of the veterans hunt up old army nurses, who are remembered with great tenderness. Much disappointment is expressed because President McKinley and ex-President Harrison are not here, as they have been in former years.

SUICIDE.

Joseph Read Found by the Roadside With a Bullet in His Head.

Tomkinsville, Ky., Sept. 7.—Word has reached here of the death of Joseph Read, a son of Jonathan Read, a prominent citizen of the Knott county. He was found in an unconscious condition along the road near his home, with his leg propped up under his head and a bullet hole in his head. His pistol, with one empty chamber, was lying by his side. His horse had been taken from the buggy and securely hitched near where he was found. He died shortly after being discovered. Indications are that it was a case of suicide.

SECRETARY DAY

With Probably Not Again Discharge the Duties of Office.

Washington, Sept. 7.—Secretary Day probably will not resume the discharge of the functions of secretary of state, and it may be assumed that his connection with the department, save in the capacity of a peace commissioner, terminated when he left Washington for Ohio recently.

Upon his return to Washington it is expected that he will come to the state department for the purpose of bidding farewell to the employees.

There is no longer a reasonable doubt that Justice White has decided to decline the appointment of peace commissioner and that he refrains from making public announcement of his purpose at the request of the president. It is intimated that a very early announcement may be looked for, as there is reason to believe that the president already has made a tender of the commissionership, and is now awaiting acceptance before making public that fact. Arrangements for the departure of the commission on the 17th inst. from New York are being pushed.

BEAT TO DEATH.

Tom Coyle's Skull Crushed and His Body Hidden Behind a Log.

Richmond, Ky., Sept. 7.—News has been received here that Tom Coyle, son of Hardin Coyle, a well known farmer of Big Hill, this county, was met on the road near Clover Bottom by Tim Lakes, John and Mize, who attacked Coyle with clubs and pistols and beat him to death after a desperate fight. Coyle's skull was crushed and his body thrown behind a log, where it was found later by a woman who saw the fight from a distance. No arrests have been made. Clover Bottom is 20 miles south of here, away from telegraph or telephone.

POPULISTS

Nominate Candidates For President and Vice President.

Cincinnati, Sept. 7.—The middle of the road Populists yesterday reorganized the People's party, renewed its former declaration of principles and nominated its national ticket two years and two months in advance of the date of the election. The object of this early action was to hold off any such fusion as that of 1896. Wharton Barker of Pennsylvania was nominated for president and Ignatius Donnelly for vice president.

Jumped From a Train.

Lebanon, Ky., Sept. 7.—William Gibson, a young man whose home is in Illinois, leaped from the window of a fast moving train near this city and was seriously hurt. The man was dreaming, so he says, and imagined his horse, attached to a buggy, was running off with him, and he leaped for his life. His injuries will not prove fatal.

Van der Ahe Paid Baldwin's Judgement.

Pittsburg, Sept. 7.—The Baldwin-Von der Ahe damage suit which was decided against Von der Ahe several months ago was ended yesterday by the attorney of St. Louis baseball magazine paying the amount of the Baldwin judgement in the neighborhood of \$3,000, together with the costs, something over \$1,500.

Yellow Fever.

Washington, Sept. 7.—A report received at the marine hospital from Surgeon H. R. Carter shows that the total number of yellow fever cases which have made their appearance in Orwood, Miss., is 35, but up to this time there have been no deaths. The fever is of a mild type and no danger is apprehended.

DEWEY'S WARSHIPS

Soon Be Ready For Any
Who Threaten His Pos-
session of Manila.

SUPPLIES FOR THE CUBANS

Will Not Be Taxed, According to a De-
ree of President McKinley—One Hos-
pital at Chickamauga Closed—Express
Companies and the War Tax—Prepar-
ing to Go Home.

Washington, Sept. 7.—A report from
Constructor Capps at Manila just re-
ceived here states that aside from the
small gunboats that have been raised
and put into the service of Admiral
Dewey none of the Spanish ships of
war engaged in the battle of Manila
bay are likely to be raised. Mr. Capps
was sent to the Asiatic station espe-
cially to assist in putting the squadron
in first class condition for any emergency.

Already the flagship Olympia and
the gunboat Raleigh have been docked
and cleaned at Hong-Kong and the Bos-
ton arrived there last Saturday for the
same purpose. Within the course of a
few weeks at the outside, Admiral
Dewey's squadron will have been thor-
oughly renovated and reinforced as
has been the Monterey and the Monad-
nock and with other ironclads within
easy reach, the admiral will be in shape
to meet any who may threaten to dis-
turb his possession of Manila.

FREE OF DUTY.

President McKinley Will Visit the
Omaha Exposition.

Washington, Sept. 7.—The president
yesterday issued the following:
EXECUTIVE MESSAGE, Sept. 6, 1898.
By virtue of the authority vested in me
as commander-in-chief of the army and
navy of the United States of America, I
do hereby order and direct that upon the
occupied and possession of any ports
and places in the island of Cuba by the
forces of the United States, beef cattle and
other food supplies, intended for the starv-
ing inhabitants of the island, may be ad-
mitted free of duty, subject to the discre-
tion of the commanding officer of the
United States forces at the port of entry,
who is hereby charged with the responsi-
bility for the gratuitous distribution of
said food supplies to the starving inhabi-
tants of the island.

WAR TAX.

Express Companies Have Not Decided to
Pay It.

Chicago, Sept. 7.—W. H. Damsel, a
member of the board of managers of the
Adams Express company, says the report
that the express companies have
decided to pay the war tax is not true
and that no conference has been held
between the officials of the American,
Adams and United States Express com-
panies at Chicago. Mr. Damsel further
says that the express companies believe
that the position taken by them is abso-
lutely right, and in view of this fact he
does not see how it will be possible for
them to recede from the stand they have
taken.

HOSPITAL CLOSED.

General Boynton Makes Report of the
Fest From Chickamauga.

Washington, Sept. 7.—The following
telegram was received yesterday at the
war department from General H. V.
Boynton at Chickamauga: "Second di-
vision, Third corps, hospital closed yes-
terday. This is the one that has been
most generally and severely criticised.
Following is its record since its estab-
lishment June 10: Total number of pa-
tients, 2,492; total deaths, 33. Of these
cases 270 were typhoid, and of the total
deaths 28 were from typhoid."

PEACE COMMISSION.

Justice White Declines and Senator Gray
Offered the Place.

Washington, Sept. 7.—It may be said
that the peace commission is a thing of
the future, but it is not so. It is a thing
of the present. It is a thing that is
being organized at this moment. It is a
thing that is being organized at this
moment. It is a thing that is being
organized at this moment. It is a thing
that is being organized at this moment.

There is implanted in every man a
love of life strong enough to make him
tremble and kneel before death when he
thoroughly recognizes its approach. The
trouble with men is that they do not re-
cognize death unless it comes in some
violent or rapid form. Consumption
kills more men than wars, famines, plagues
and accidents, but its approach comes
so slowly that they do not recognize it
until it is too late. The lungs must first
be in a diseased condition.

First a man feels a little out of sorts.
Probably he is overworked and has given
too little time to eating, sleeping and rest-
ing. His appetite falls off. His digestion
gets out of order and his blood does not
receive the proper amount of life-giving
nutrients. The liver becomes torpid and
the blood is filled with impurities. These
are pumped into every organ of the body,
building up unhealthy, half-dead tissues.
The most harm is done at the weakest spot,
and most frequently that spot is in the
lungs. A slight cold leads to inflamma-
tion, the bacilli invade the lungs and we
have a case of consumption.

Ninety-eight per cent of all cases of
consumption are cured by Dr. Pierce's
Golden Medical Discovery. It is the great
blood-maker and flesh-builder. It restores
the lost appetite, makes the digestion per-
fect, invigorates the liver, purifies the
blood, builds new and healthy flesh and
drives out all impurities and disease germs.
It cures weak lungs, spitting of blood, ob-
stinate coughs and kindred ailments. No
honest druggist will recommend a substitute.

Mrs. Ursula Dunham, of Sistersville, Tyler Co.,
W. Va., writes: "I had a pain in my side all
the time, had but little appetite and grew
very thin. The Golden Medical Discovery
promptly cured the pain, restored my ap-
petite and increased my weight."

positively now that Justice White of
the United States court has finally de-
clined the tender of a membership in
the Spanish-American peace commis-
sion. It is now understood that the
vacant place has been offered to Senator
George Gray of Delaware, one of the
leading Democratic members of the
Senate and a member of the minority
on the foreign relations committee.

GETTING IN SHAPE.

The One Hundred and Fifty-Ninth Regi-
ment Preparing to Leave Camp Meade.
Camp Meade, Middletown, Pa., Sept.
7.—The Third Missouri regiment start-
ed away yesterday from Camp Meade
for Fort Leavenworth to be mustered
out. The Sixth Pennsylvania will be
the next to leave. The One Hundred
and Fifty-ninth Indiana and Seventh
Illinois are getting in shape to move
and expect to start tomorrow.

Five Years Imprisonment.

Washington, Sept. 7.—Private Kin-
ney of Company H, First Mississippi,
who made an assault upon the com-
manding officer of his regiment, Colonel
Govan, at Chickamauga last Saturday
night, and afterward threatened to
shoot the adjutant of the regiment, will
suffer severely for his folly. He was
tried by court-martial and sentenced to
five years' imprisonment in a military
prison.

Coin For Troops.

New York, Sept. 7.—Twelve safes,
containing coin to the amount of \$700,-
000, were taken from the sub-treasury
yesterday and will be sent to Ponce,
Porto Rico, on the steamer Yucatan,
which leaves this port today. Upon ar-
riving there Major J. C. Mahlenberg,
paymaster in the United States army,
will commence the work of paying the
United States troops remaining on the
island.

OVATION TO SCHLEY.

Hero of Santiago Arrives at San Juan.
Member of Military Commission.

San Juan de Porto Rico, Sept. 7.—
The United States transport Seneca,
carrying Rear Admiral W. S. Schley
and Brigadier General W. W. Gordon
of the Porto Rico military commission,
arrived here yesterday. The United
States protected cruiser New Orleans,
which is lying in the harbor, fired an
admiral's salute of 13 guns.

The Spanish gunboat Isabel Segunda
responded with 13 guns, whereupon the
New Orleans sent the Spanish flag at the
peak and saluted it with 13 guns.

A boat immediately put off from the
New Orleans to the Seneca and took
Admiral Schley aboard. As he went
over the steamer's side, her passengers,
among whom he had become exceedingly
popular, gave three cheers and a
"tiger." One man in his enthusiasm
yelled: "Hurrah for the next president."
Admiral Schley was given an
enthusiastic reception on board the
New Orleans.

The Seneca brought also the postal
commission, 30 nurses and six contract
surgeons.
When the admiral's pennant was
raised on board the New Orleans, the
marines paraded and the band played.
Shortly before noon the Spanish brig-
adier, General Valeriano, made an offi-
cial visit to Admiral Schley and was
saluted with seven guns.

PORTO RICO TROOPS.

War Department, It Is Said, Will Send
Them to Montauk Point.

New York, Sept. 7.—General Shafter
has been informed, unofficially, that
four transports with troops from Porto
Rico will, upon their arrival off New
York, be directed to disembark at Mon-
tauk Point the regiments they bring.
General Shafter has understood, unoffi-
cially, that the Ogdan and Mississippi
are two of the troop ships, and that the
four vessels alluded to are due to reach
Montauk Point today and tomorrow.

It has been understood as having been
ordered by the war department that
none of the troops that have been in
Porto Rico were to go to Montauk Point,
but that all should land in New York
and go to their homes or posts from this
city. No one whose opinion is valuable
hazards an explanation of the change in
the secretary of war's design.

Colonel Turner of the First Illinois
regiment says that one Porto Rican
regiment will occupy the tents the First
Illinois will vacate, which they will do
as soon as they can get transportation.
The Ogdan brings General Miles and
his staff and nine companies of the Sec-
ond Wisconsin, 28 officers and about 800
men.

Encouraging Report.

Washington, Sept. 7.—The most en-
couraging report that has come from
the sick soldiers in Cuba since the ap-
pearance of the dreaded fever, in the
judgment of Adjutant General Corbin,
came yesterday afternoon to the war
department in the following telegram
from Major General Lawton: "One
hundred and fifty convalescents and
others leave today on the Vigilanza.
Not to exceed 50 sick of the Fifth army
corps now remaining. Ample transpor-
tation for them."

No Proof of Act of Cruelty.

Washington, Sept. 7.—Admiral
Dewey was recently called upon to in-
vestigate reports that the Spanish pris-
oners taken by the insurgents in the
Philippines were subjected to cruel
treatment. A message from him says
he is unable to find any proof of acts
of cruelty on part of insurgents.

SENATOR KENNEY.

Again Indicted by the Federal Grand
Jury at Wilmington, Del.

Wilmington, Del., Sept. 7.—The fed-
eral grand jury has returned another
indictment against United States Sen-
ator Richard R. Kenney, already charged
with aiding and abetting Defaulting
Teller William N. Boggs to misapply
the funds of the First National bank of

Dover. There is a previous indictment
against Kenney and he will be sum-
moned for retrial at the October term
of the United States circuit court. The
indictment just returned charges Sen-
ator Kenney with conspiring with Teller
Boggs to misapply the bank's funds.

lowing vote for governor: Smith (Rep.),

majority over all, 14,093. The same
cities and towns in 1894 gave Woodbury

ity, 17,182; majority over all, 16,392.
The whole Republican state ticket is
elected with majorities corresponding to
that for governor.

TO BE RANSOMED.

Spanish Government Will Pay Insurgents
to Release Prisoners.

Madrid, Sept. 7.—The cabinet has
authorized the foreign minister, Duke
Almodovar de Rio, to negotiate with
the Philippine insurgents to ransom the
5,000 Spanish prisoners now in their
hands, and it has been decided to trans-
mit money to Manila for that purpose
and for the relief of the Spanish troops,
which are urgently in need of funds.
The ministers will ask General Jan-
denes, the commander of the Spanish
troops in the Philippine islands, how to
transmit the funds.

The government has also cabled to
Captain General Macias at San Juan de
Porto Rico, requesting him to furnish
fuller details of the American economic
regime in the island of Porto Rico.
This step was taken after considering
his first report on the subject.

Miss Jessie Schley.

Havana, Sept. 7.—Miss Jessie Schley,
Admiral Schley's cousin, who went to
Madrid on a peace mission last July as
a delegate of the Women's International
Peace association, has arrived here
from Spain on board the steamer Lafay-
ette. She comes in connection with re-
lief work and will have an interview
with General Blanco.

stories of the battles of Manila and San-
tiago were placed in the stone.

HORRIBLE ACCIDENT

Two Spans of a Bridge
Fall—Loaded With
Workmen.

TWENTY-SEVEN DROWNED

Pier of the International Bridge Across
the St. Lawrence River at Hogsburg,
N. Y., Weakened by the Swiftly Flow-
ing Waters—Horror of the Scene De-
scribed by an Eye-Witness.

Hogsburg, N. Y., Sept. 7.—Two
spans of the International bridge of the
New York, Ottawa railroad, now under
construction across the St. Lawrence
river, about three miles above St. Regis
Indian village, fell yesterday without
warning, with 60 men at work on the
bridge, all being thrown into the river,
some 90 feet below. Over 30 were picked
up and taken to Cornwall hospital and
27 are missing. The bridge that gave
way was being built across the St. Law-
rence river at the foot of Long Sault
rapids, near Reinhardt's island. The
water at this point is known to be as
swift as in any part of the river. The
immediate cause of the disaster and the
giving way of the span of the bridge
seems to have been from the washing
away of one of the large piers.

Agonized Stricks of Men.

An eye witness of the fall of the New
York and Ottawa railroad bridge says
he was sitting on the bank of the river,
watching the workmen above him
when, without warning, there came a
fearful crash. Two spans of the bridge
collapsed, the immense mass of timber
and iron dropped and the agonizing
shrieks of the men who are being
crushed in the wreck were drowned by
the rushing waters. Then he saw
bodies coming to the surface and the
work of rescue began. This was help-
lessly inadequate, there being only a
few boats in the vicinity and very few
men who would undertake to swim out
into the turbulent waters. Many who
might have been saved were drowned
before help could reach them. Piteous
appealing faces sank beneath the waters
before the eyes of helpless onlookers.

Many Mangled Bodies.

Mangled bodies came to the surface
for a moment and then passed out of
sight. It was a terrible and heart-
rending scene. Even those who were
not to land alive were in such condition
that many died on the way to the hos-
pital. Some had their backs broken,
others both legs, while others were
crushed by the heavy iron.

About 50 of the men employed on the
span were Americans who came here to
work for the Phoenix Bridge company.
The remainder were mostly Indians,
who acted as assistants. Every man on
the division went down with the wreck.
Many of those who escaped climbed up
the iron work, which still rested on
piers at either end. The scene around
the Hotel Dieu, where the wounded
and dying were taken, was heart-rend-
ing.

OLD VETERANS

Many Favor Discontinuing the Annual
National Encampment.

Cincinnati, Sept. 7.—The second day
of the 32d annual encampment of the
G. A. R. was a banner day—a star spang-
led banner day—in every way. The
weather is delightful. It has rained
every night preceding the encampment
and after a shower last night the
weather is still cool. The naval parade
yesterday was under clear skies, and
nature smiled on the old veterans today.

There will not be many more of these
annual parades, and some of the veter-
ans favor discontinuing the annual
demonstrations, because they are get-
ting too old for long trips as well as for
parading. Some advocate the discoun-
tinuance of encampments because they
want all remembrances, even of sec-
tional differences, wiped out, but they
say they will attend the annual encamp-
ments as long as they are held. There
are none here who held high rank in
the civil war, and it is frequently re-
marked that the leading federal com-
manders seem to have gone, while sev-
eral of the confederate leading com-
manders survive. The leading surviv-
ing officers of the civil war are pre-
vented from attending the encampment this
year on account of the Spanish war.

Among the ladies who are missed none
is referred to more than Mrs. John A.
Logan. Many of the veterans hunt up
old army nurses, who are remembered
with great tenderness. Much disap-
pointment is expressed because Presi-
dent McKinley and ex-President Harri-
son are not here, as they have been in
former years.

SUICIDE.

Joseph Read Found by the Roadside
With a Bullet in His Head.

Tomkinsville, Ky., Sept. 7.—Word
has reached here of the death of Joseph
Read, a son of Jonathan Read, a promi-
nent citizen of the Knobloch country.
He was found in an unconscious con-
dition along the road near his home, with
his laprobe spread on the ground and
his buggy cushion under his head and a
bullet hole in his head. His pistol,
with one empty chamber, was lying by
his side. His horse had been taken
from the buggy and securely hitched
near where he was found. He died
shortly after being discovered. Indica-
tions are that it was a case of suicide.

SECRETARY DAY

Will Probably Not Again Discharge the
Duties of Office.

Washington, Sept. 7.—Secretary Day
probably will not resume the discharge
of the functions of secretary of state,
and it may be assumed that his con-
nection with the department, save in the
capacity of a peace commissioner, ter-
minated when he left Washington for
Ohio recently.

Upon his return to Washington it is
expected that he will come to the state
department for the purpose of bidding
farewell to the employees.

There is no longer a reasonable doubt
that Justice White has decided to de-
cline the appointment of peace commis-
sioner and that he refrains from making
public announcement of his purpose at
the request of the president. It is in-
timated that a very early announcement
may be looked for, as there is reason to
believe that the president already has
made a tender of the commission to
him, and is now awaiting acceptance be-
fore making public that fact. Arrange-
ments for the departure of the commis-
sioner on the 17th inst. from New York
are being pushed.

BEAT TO DEATH.

Tom Coyle's Skull Crushed and His Body
Hidden Behind a Log.

Richmond, Ky., Sept. 7.—News has
been received here that Tom Coyle, son
of Hardin Coyle, a well known farmer
of Big Hill, this county, was met on the
road near Clover Bottom by Tim Lakes,
John and Mote Mize, who attacked
Coyle with clubs and pistols and beat
him to death after a desperate fight.
Coyle's skull was crushed and his body
thrown behind a log, where it was found
later by a woman who saw the fight
from a distance. No arrests have been
made. Clover Bottom is 20 miles south
of here, away from telegraph or tele-
phone.

POPULISTS

Nominate Candidates for President and
Vice President.

Cincinnati, Sept. 7.—The middle of
the road Populists yesterday reorgan-
ized the People's party, renewed its former
declaration of principles and nominated
its national ticket two years and two
months in advance of the date of the
election. The object of this early action
was to hold off any such fusion as that
of 1896. Wharton Barker of Pennsylv-
ania was nominated for president and
Ignatius Donnelly for vice president.

CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

DEMOCRATIC Chairman Martin has announced that he will start Senator Turpie, Leon Bailey, Joe Cheadle, Green Smith to speech-making about Sept. 24.

The state committee has fixed Sept. 17 as the date when the republicans of Indiana will formally open the campaign. On that date a ticket will be nominated in Jackson county that will supersede the ring that has so long dominated affairs in Jackson county politics.

D. W. Rapp, of Redding township, is announced as a candidate for county clerk and his name will go before the convention here Sept. 17. Mr. Rapp is one of the substantial men of the county and has a wide acquaintance in every township. He taught several terms of school in Owen and Saltcreek township where he has many friends.

The wisdom of the county central committee in deciding to join with the independent democrats of Jackson county in naming a county ticket is generally conceded by the party. The committee has carefully preserved the county organization and will faithfully perform all duties coming before it. The interests of the republican party will be in no way sacrificed. Strange as it may seem the ring candidates and their immediate backers are displeased with what our committee has decided upon.

Six months ago the country was full of people who knew more about how to deal with Spain than the president of the United States. Statesmen and warriors were plentiful in every community. They talked much and loud. Their impatience knew no bounds. They knew just what to do and how to do it. They would recognize the Cuban Republic and declare war instantly. They would march a volunteer army across Cuba from west to east and liberate every Cuban mighty quick. But as events transpired these wiseacres got less boisterous for they realized that they were wrong on nearly every proposition and that the war was being speedily pushed to a successful termination. They shouted for Dewey, and Sampson, and Schley, for Shafter, for the Rough Riders, for the regulars, and for the volunteers. They became fulsome in their praise of McKinley. They were proud of everything that was American. But since peace has been declared a few of these patriots are getting back in to the line as critics and faultfinders. They are now talking for political effect. They see hardships in war that they believe can be turned to the advantage of the democratic party. They will talk to that end until November, when they may learn that the people generally have a broader idea of patriotism than is represented by these self appointed partisans.

I see you have an able correspondent from this center, but facts written from a different point of view are often equally interesting. We have a model camp here, but as the idea of going home seems to have developed into a certainty, of course impatience reigns supreme. There has been much discussion regarding the home going movement which in some respects has been prejudicially colored. It is true a majority preferred home to doing garrison duty. Why should we not? But it is equally true that some of our officers are now lying under a cloud for using unfair and deceitful means to prevent the boys desires, because of the actions of a few. The fact is the majority of the officers have been content to let matters run their course. It is also equally true that the Indiana boys would have done their duty if ordered to Cuba.
We expect to move toward Indiana in ten days. While I had no voice in the home going movement yet it is my greatest desire to see the wishes granted of boys who by their obedience and kindness have shown me the greatest of respect. Have almost fully recovered from my illness and am again filling my position as first sergeant which has been so ably filled by sergeant Edwin Boyatt. We are daily expecting the return of Captain Applewhite, who is on leave of absence. The sympathy of the entire company has been with him during his illness. Captain Applewhite is a model captain, governed his men with kindness and is loved by all. Since we are to go home the boys of Co. G. are anxious to be present at Seymour's great success, the street fair.
I see that Ralph Erwin takes the opportunity to criticize some of the late appointments. It is needless to say much regarding this, as Bond's ability is well known to the friends of Co. G. We have great respect for Private Erwin and are aware of his ability to fulfill any office, yet he was not justified in criticizing Bond's appointment.
Private Shultz, of Columbus and Miller, of Clifford, were sent to the hospital this morning for treatment. Their cases seem to be mild fever. Otherwise all are well. Best wishes,

Light and Artificial Fog.

The production of cloud by the action of ultra violet light was demonstrated at a soiree at the Royal society by C. T. R. Wilson. The beam from an arc lamp was focused by a quartz lens in a tube containing moist air free from dust. In a few minutes a blue fog was seen to form in the illuminated cone, and this fog could be made to move by applying heat to the tube locally. When the ultra violet rays were cut off by a sheet of mica, no such formation took place, and it is therefore suggested that the small particles which give rise to the blue of the sky are produced by the ultra violet rays of sunlight absorbed in the upper layers of the atmosphere.—Engineering.

DEMOCRATIC Chairman Martin has announced that he will start Senator Turpie, Leon Bailey, Joe Cheddie, Green Smith to speech-making about Sept. 24.

The state committee has fixed Sept. 17 as the date when the republicans of Indiana will formally open the campaign. On that date a ticket will be nominated in Jackson county that will supersede the ring that has so long dominated affairs in Jackson county politics.

Light and Artificial Fog.

The production of cloud by the action of ultra violet light was demonstrated at a soiree at the Royal society by C. T. R. Wilson. The beam from an arc lamp was focused by a quartz lens in a tube containing moist air free from dust. In a few minutes a blue fog was seen to form in the illuminated cone, and this fog could be made to move by applying heat to the tube locally. When the ultra violet rays were cut off by a sheet of mica, no such formation took place, and it is therefore suggested that the small particles which give rise to the blue of the sky are produced by the ultra violet rays of sunlight absorbed in the upper layers of the atmosphere.—Engineering

Press Women of Louisiana.

The press women of Louisiana are generously recognized by their brothers of the fourth estate. At the annual meeting of the New Orleans Press club, recently held, it was voted to admit women to membership. Speaking of this, The Daily Picayune says:

"The women engaged on the newspapers in New Orleans are perhaps not the least among the great body of workers, and it was a gracious recognition of their worth to accord them membership in the great newspaper league. It is said that the New Orleans Press club is the first in the country to admit women to membership. The act was characteristic of the well known chivalry of our southern craft. The newspaper women of New Orleans certainly appreciate the compliment extended, and in the press club, as on the press, will give of their best for its success and development."

A Corroborated Criticism.

"What the piece needs," said the man who volunteers advice, "is more atmosphere."

"That's exactly what I said," replied the manager. "I told the leading lady yesterday that when she plays that part she ought to put on more airs."—Washington Star.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth velvety skin, rich complexion. It will make a good looking, charming woman of a run down invalid. Only 50 cents at Wm. F. Peter's Drug Store.

GOVERNOR MOUNT IS ILL. Three Men Killed While Crossing a Railroad Near Princeton. New Disease Attacks Horses Near Sparta, Ind.—State Fair Entries—Committed to the Reformatory—Odd Fellows' Home. Must Pay the War Tax—Others State News. [Princeton, Ind., Sept. 7.—Six men were returning home from work late yesterday in a wagon and while crossing the Louisville, Evansville and St. Louis railroad at Parker's switch, seven miles east of this city, a passenger train going west was so near on them that three of the men jumped from the wagon, alighting on the track. All were killed, as follows: Clarence Ewing of Parker's, William Dean of Oakland City, John McBride of Oakland City. The team and the other three men were not injured. The train crew is not blamed for the accident. GOVERNOR MOUNT IS ILL. Advised by His Physician to Take a Rest and Recuperate His Strength. Indianapolis, Sept. 7.—Governor Mount while at his office yesterday was seized by a blinding sensation and pains in the back of his head. He left for home and called Dr. O. S. Runnels, who told his patient that he must have absolute rest for some time. The governor seems to be suffering from exhaustion, brought on by continued hard work in his office since he became chief executive. It was necessary for the governor to cancel his engagement to attend the G. A. R. encampment at Cincinnati, and he will not make any more speeches for some time. It is believed that if the governor takes a rest for some time that nothing serious will result from his indisposition. L. O. O. F. HOME. Land Purchased Near Greensburg and Work Will Begin at Once. Greensburg, Ind., Sept. 7.—It having been decided by the grand lodge I. O. O. F. of Indiana to locate their home near this city, Decatur lodge, No. 103, has closed a deal with J. F. Goddard for his farm, just east of the city, the title of the same being transferred to the grand lodge, which will formally take possession in a few days. The place chosen will make a desirable site for the many buildings. A large sum of money was subscribed by citizens, which is being paid in to County Auditor Pleak, who will turn it over to the committee from the grand lodge, and work will begin on the buildings at once. PINGREE SYSTEM. Of Taking Care of Poor a Success at Richmond. Richmond, Ind., Sept. 7.—The city's superintendent of the Pingree system, which are attended to by the poor, has filed his annual report, and it shows some interesting facts. The city appropriated \$200 for the work. Nearly \$40 was returned to the treasury, and the remainder was used in purchasing seeds for the 150 gardens. On this investment more than \$1,000 worth of vegetables was raised. It means a saving of that much to the township this winter. NEW DISEASE. Horses Attacked and After a Few Hours of Suffering They Die. Sparta, Ind., Sept. 7.—Veterinarians are puzzling themselves over a new disease that has appeared among horses in this neighborhood. The horses fall to the ground, perfectly limp. In a few moments they become rigid, and for a few hours suffer agony and then die. No horses afflicted have thus far recovered. Farmers and stock men are uneasy, not knowing how to ward off or cure the attacks. State Fair Entries. Indianapolis, Sept. 7.—Entries in the various departments of the state fair are coming in so fast as to fairly swamp the entries. In the racing department the indications are that some of the best known steppers will be at the fair. The entries for the speed department from the east are expected today. Committed to the Reformatory. Greensburg, Ind., Sept. 7.—Nelson B. Hughes was yesterday committed to the reformatory under the indeterminate sentence law for stealing a girl's watch at the Bainbridge fair. His home is at Edinburg. Must Pay War Tax. Rochester, Ind., Sept. 7.—Secretary Zimmerman of the Fulton County Fair Association, has been notified that the fair this year will have to pay \$85 war tax, as it comes under the head of shows. Will Have a State Bank. Walkerton, Ind., Sept. 7.—This town will soon have a state bank. Stock to the amount of \$25,000 has been placed on the market and \$19,000 has already been subscribed for. Prairie Wolves. Laporte, Ind., Sept. 7.—Prairie wolves, so destructive to small stock, have made their appearance in this county. They have become so bold that steps have been taken to exterminate them. Excursions Every Sunday. To all stations on the Southern Indiana railway.

SEYMOUR, INDIANA, WEDNESDAY EVENING, SEPTEMBER 7, 1898

PRICE TWO CENTS

Miraculous Benefit RECEIVED FROM Dr. Miles' New Heart Cure.

ELI P. BARCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Barcock & Munsell Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as a result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, free bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

DEWEY'S WARSHIPS

Soon Be Ready For Any Who Threaten His Possession of Manila.

SUPPLIES FOR THE CUBANS

Will Not Be Taxed, According to a Decree of President McKinley—One Hospital at Chickamauga Closed—Express Companies and the War Tax—Preparing to Go Home.

Washington, Sept. 7.—A report from Constructor Capps at Manila just received here states that aside from the small gunboats that have been raised and put into the service of Admiral Dewey none of the Spanish ships of war engaged in the battle of Manila bay are likely to be raised. Mr. Capps was sent to the Asiatic station especially to assist in putting the squadron in first class condition for any emergency.

Already the flagship Olympia and the gunboat Raleigh have been docked and cleaned at Hong-Kong and the Boston arrived there last Saturday for the same purpose. Within the course of a few weeks at the outside, Admiral Dewey's squadron will have been thoroughly renovated and reinforced as has been the Monterey and the Monardnock and with other ironclads within easy reach, the admiral will be in shape to meet any who may threaten to disturb his possession of Manila.

FREE OF DUTY.

President Decides That Supplies For Cubans Shall Not Be Taxed.

Washington, Sept. 7.—The president late yesterday issued the following:

EXECUTIVE MANDATE, Sept. 6, 1898. By virtue of the authority vested in me as commander-in-chief of the army and navy of the United States of America, I do hereby order and direct that upon the occupation and possession of any ports and places in the island of Cuba by the forces of the United States, beef cattle and other food supplies, intended for the starving inhabitants of the island, may be admitted free of duty, subject to the discretion of the commanding officer of the United States forces at the port of entry, who is hereby charged with the responsibility for the distribution of said food supplies to the starving inhabitants of the island.

WILLIAM MCKINLEY.

WAR TAX.

Express Companies Have Not Decided to Pay It.

Chicago, Sept. 7.—W. H. Damsel, a member of the board of managers of the Adams Express company, says the report that the express companies have decided to pay the war tax is not true and that no conference has been held between the officials of the American, Adams and United States Express companies at Chicago. Mr. Damsel further says that the express companies believe that the position taken by them is absolutely right, and in view of this fact he does not see how it will be possible for them to recede from the stand they have taken.

HOSPITAL CLOSED.

General Boynton Makes Report of the Fact From Chickamauga.

Washington, Sept. 7.—The following telegram was received yesterday at the war department from General H. V. Boynton at Chickamauga: "Second division, Third corps, hospital closed yesterday. This is the one that has been most generally and severely criticised. Following is its record since its establishment June 10: Total number of patients, 2,492; total deaths, 33. Of these cases 270 were typhoid, and of the total deaths 28 were from typhoid."

PEACE COMMISSION.

Justice White Declines and Senator Gray Offered the Place.

Washington, Sept. 7.—It may be said

There is implanted in every man a love of life and a dread of death. It is the duty of the physician to make him tremble and kneel before death when he thoroughly recognizes its approach. The trouble with men is that they do not recognize death unless it comes in some violent form. Consumption kills more men than wars, famines, plagues and accidents, but its approach is insidious, and men do not realize that they are in its clutch. While consumption is a germ disease, the bacilli will not invade sound and healthy lungs. The lungs must first be in a diseased condition. First a man feels a little out of sorts. Probably he is overworked and has given too little time to eating, sleeping and resting. His appetite falls off. His digestion gets out of order and his blood does not receive the proper amount of life-giving nutriment. The liver becomes torpid and the blood is filled with impurities. These are pumped into every organ of the body, building up unhealthy, half-dead tissues. The most harm is done at the weakest spot, and most frequently that spot is in the lungs. A slight cold leads to inflammation, the bacilli invade the lungs and we have a case of consumption.

Ninety-eight per cent. of all cases of consumption are cured by Dr. Pierce's Golden Medical Discovery. It is the great blood-maker and flesh-builder. It restores the lost appetite, makes the digestion perfect, invigorates the liver, purifies the blood, builds new and healthy flesh and drives out all impurities and disease germs. It cures weak lungs, spitting of blood, obstinate coughs and kindred ailments. No honest druggist will recommend a substitute.

Mrs. Ursula Dunham, of Sisterville, Tyler Co., W. Va., writes: "I had a pain in my side all the time, had little appetite and grew very thin. The 'Golden Medical Discovery' promptly cured the pain, restored my appetite and increased my weight."

positively now that Justice White of the United States court has finally declined the tender of a membership in the Spanish-American peace commission. It is now understood that the vacant place has been offered to Senator George Gray of Delaware, one of the leading Democratic members of the Senate and a member of the minority on the foreign relations committee.

GETTING IN SHAPE.

The One Hundred and Fifty-Ninth Regiment Preparing to Leave Camp Meade.

Camp Meade, Middletown, Pa., Sept. 7.—The Third Missouri regiment started away yesterday from Camp Meade for Fort Leavenworth to be mustered out. The Sixth Pennsylvania will be the next to leave. The One Hundred and Fifty-ninth Indiana and Seventh Illinois are getting in shape to move and expect to start tomorrow.

Five Years' Imprisonment.

Washington, Sept. 7.—Private Kinney of Company H, First Mississippi, who made an assault upon the commanding officer of his regiment, Colonel Govan, at Chickamauga last Saturday night, and afterward threatened to shoot the adjutant of the regiment, will suffer severely for his folly. He was tried by courtmartial and sentenced to five years' imprisonment in a military prison.

Coin For Troops.

New York, Sept. 7.—Twelve safes, containing coin to the amount of \$700,000, were taken from the sub-treasury yesterday and will be sent to Ponce, Porto Rico, on the steamer Yucatan, which leaves this port today. Upon arriving there Major J. C. Muhlenberg, paymaster in the United States army, will commence the work of paying the United States troops remaining on the island.

OVATION TO SCHLEY.

Hero of Santiago Arrives at San Juan. Member of Military Commission.

San Juan de Porto Rico, Sept. 7.—The United States transport Seneca, carrying Rear Admiral W. S. Schley and Brigadier General W. W. Gordon of the Porto Rico military commission, arrived here yesterday. The United States protected cruiser New Orleans, which is lying in the harbor, fired an admiral's salute of 13 guns.

The Spanish gunboat Isabel Segunda responded with 13 guns, whereupon the New Orleans set the Spanish flag at the peak and saluted it with 13 guns.

A boat immediately put off from the New Orleans to the Seneca and took Admiral Schley aboard. As he went over the steamer's side, her passengers, among whom he had become exceedingly popular, gave three cheers and a "tiger." One man in his enthusiasm yelled: "Hurrah for the next president." Admiral Schley was given an enthusiastic reception on board the New Orleans.

The Seneca brought also the postal commission, 30 nurses and six contract surgeons. When the admiral's pennant was raised on board the New Orleans, the marines paraded and the band played. Shortly before noon the Spanish brigadier, General Vallarino, made an official visit to Admiral Schley and was saluted with seven guns.

PORTO RICO TROOPS.

War Department, It Is Said, Will Send Them to Montauk Point.

New York, Sept. 7.—General Shafter has been informed, unofficially, that four transports with troops from Porto Rico will, upon their arrival off New York, be directed to disembark at Montauk Point the regiments they bring. General Shafter has understood, unofficially, that the Ogdan and Mississippi are two of the troop ships, and that the four vessels alluded to are due to reach Montauk Point today and tomorrow.

It has been understood as having been ordered by the war department that none of the troops that have been in Porto Rico were to go to Montauk Point, but that all should land in New York and go to their homes or posts from this city. No one whose opinion is valuable hazards an explanation of the change in the secretary of war's design.

Colonel Turner of the First Illinois regiment says that one Porto Rican regiment will occupy the tents the First Illinois will vacate, which they will do as soon as they can get transportation. The Ogdan brings General Miles and his staff and nine companies of the Second Wisconsin, 28 officers and about 800 men.

Encouraging Report.

Washington, Sept. 7.—The most encouraging report that has come from the sick soldiers in Cuba since the appearance of the dreaded fever, in the judgment of Adjutant General Corbin, came yesterday afternoon to the war department in the following telegram from Major General Lawton: "One hundred and fifty convalescents and others leave today on the Vigilanza. Not to exceed 60 sick of the Fifth army corps now remaining. Ample transportation for them."

No Proof of Act of Cruelty.

Washington, Sept. 7.—Admiral Dewey was recently called upon to investigate reports that the Spanish prisoners taken by the insurgents in the Philippines were subjected to cruel treatment. A message from him says he is unable to find any proof of acts of cruelty on part of insurgents.

SENATOR KENNEY.

Again Indicted by the Federal Grand Jury at Wilmington, Del.

Wilmington, Del., Sept. 7.—The federal grand jury has returned another indictment against United States Senator Richard B. Kenney, already charged with aiding and abetting Defaulting Teller William N. Boggs to misapply the funds of the First National bank of

Dover. There is a previous indictment against Kenney and he will be summoned for retrial at the October term of the United States circuit court. The indictment just returned charges Senator Kenney with conspiring with Teller Boggs to misapply the bank's funds.

Vermont Elections.

White River Junction, Vt., Sept. 7.—Returns from 134 towns show the following vote for governor: Smith (Rep.), 24,781; Maloney (Dem.), 9,993; Wyman (Pro.), 645; Smith's plurality, 14,788; majority over all, 14,093. The same cities and towns in 1894 gave Woodbury (Rep.), 26,075; Smith (Dem.), 9,493; and all others, 700; Woodbury's plurality, 17,582; majority over all, 16,392. The whole Republican state ticket is elected with majorities corresponding to that for governor.

WIRE TICKS.

President McKinley will visit the Omaha exposition. Contest of the will of Adolph Sutro has been filed in San Francisco.

Governor Lord has called the Oregon legislature in special session to elect a United States senator.

The net income of the Rock Island and railroad shows a decrease for July from same month a year ago of \$38,049.

The net gold reserve in the United States treasury is \$223,382,387, an increase of nearly \$500,000,000 since last Saturday. Grain dealers' association of Texas has been organized for the protection of its members buying and selling in Texas and Indian Territory.

Walter Congdon, conductor in charge of the trolley car in two by a Delaware and Hudson train at Cohoes, has been arrested charged with manslaughter.

Two hundred officers and men from Japan have arrived at St. Paul enroute to Philadelphia to take possession of the Japanese battleship Kasagi, now in Gramp's shipyard.

TO BE RANSOMED.

Spanish Government Will Pay Insurgents to Release Prisoners.

Madrid, Sept. 7.—The cabinet has authorized the foreign minister, Duke Almodovar de Rio, to negotiate with the Philippine insurgents to ransom the 5,000 Spanish prisoners now in their hands, and it has been decided to transmit money to Manila for that purpose and for the relief of the Spanish troops, which are urgently in need of funds.

The government has also cabled to Captain General Macias at San Juan de Porto Rico, requesting him to furnish fuller details of the American economic regime in the island of Porto Rico. This step was taken after considering his first report on the subject.

Miss Jessie Schley.

Havana, Sept. 7.—Miss Jessie Schley, Admiral Schley's cousin, who went to Madrid on a peace mission last July as a delegate of the Women's International Peace association, has arrived here from Spain on board the steamer Lafayette. She comes in connection with relief work and will have an interview with General Blanco.

Kentucky Corner Stone Laying.

Lexington, Ky., Sept. 7.—The corner stone of the new \$135,000 courthouse in this city has been laid. Fully 2,000 people were present and the ceremonies were conducted by the Masonic fraternity. A bottle of 16-year-old whisky and stories of the battles of Manila and Santiago were placed in the stone.

HORRIBLE ACCIDENT

Two Spans of a Bridge Fall—Loaded With Workmen.

TWENTY-SEVEN DROWNED

Pier of the International Bridge Across the St. Lawrence River at Hogsburg, N. Y., Weakened by the Swiftly Flowing Waters—Horror of the Scene Described by an Eye-Witness.

Hogsburg, N. Y., Sept. 7.—Two spans of the International bridge of the New York, Ottawa railroad, now under construction across the St. Lawrence river, about three miles above St. Regis Indian village, fell yesterday without warning, with 60 men at work on the bridge, all being thrown into the river, some 60 feet below. Over 30 were picked up and taken to Cornwall hospital and 27 are missing. The bridge that gave way was being built across the St. Lawrence river at the foot of Long Sault rapids, near Reinhardt's island. The water at this point is known to be as swift as in any part of the river. The immediate cause of the disaster and the giving way of the span of the bridge seems to have been from the washing away of one of the large piers.

An eye witness of the fall of the New York and Ottawa railroad bridge says he was sitting on the bank of the river, watching the workmen above him when, without warning, there came a fearful crash. Two spans of the bridge collapsed, the immense mass of timber and iron dropped and the agonizing shrieks of the men who are being crushed in the wreck were drowned by the rushing waters. Then he saw bodies coming to the surface and the work of rescue began. This was helplessly inadequate, there being only a few boats in the vicinity and very few men who would undertake to swim into the turbulent waters. Many who might have been saved were drowned before help could reach them. Piteous appealing faces came beneath the waters before the eyes of helpless onlookers.

Many Mangled Bodies. Mangled bodies came to the surface for a moment and then passed out of sight. It was a terrible and heart-rending scene. Even those who were got to land alive were in such condition that many died on the way to the hospital. Some had their backs broken, others both legs, while others were crushed by the heavy iron.

About 50 of the men employed on the span were Americans who came here to work for the Phoenix Bridge company. The remainder were mostly Indians, who acted as assistants. Every man on the division went down with the wreck. Many of those who escaped climbed up the iron work, which still rested on piers at either end. The scene around the Hotel Dieu, where the wounded and dying were taken, was heart-rending.

OLD VETERANS

Many Favor Discontinuing the Annual National Encampment.

Cincinnati, Sept. 7.—The second day of the 32d annual encampment of the G. A. R. was a banner day—a star-spangled banner day—in every way. The weather is delightful. It has rained every night preceding the encampment days and after a shower last night the weather is still cool. The naval parade yesterday was under clear skies, and nature smiled on the old veterans today. There will not be many more of these annual parades, and some of the veterans favor discontinuing the annual demonstrations, because they are getting too old for long trips as well as for parading. Some advocate the discontinuance of encampments because they want all remembrances, even of sectional differences, wiped out, but they say they will attend the annual encampments as long as they are held. There are none here who held high rank in the civil war, and it is frequently remarked that the leading federal commanders seem to have gone, while several of the confederate leading commanders survive. The leading surviving officers of the civil war are prevented from attending the encampment this year on account of the Spanish war. Among the ladies who are missed none is referred to more than Mrs. John A. Logan. Many of the veterans hunt up old army nurses, who are remembered with great tenderness. Much disappointment is expressed because President McKinley and ex-President Harrison are not here, as they have been in former years.

SUICIDE.

Joseph Read Found by the Roadside With a Bullet in His Head.

Tomlinville, Ky., Sept. 7.—Word has reached here of the death of Joseph Read, a son of Jonathan Read, a prominent citizen of the Knobloch country. He was found in an unconscious condition along the road near his home, with his laprobe spread on the ground and his buggy cushion under his head and a bullet hole in his head. His pistol, with one empty chamber, was lying by his side. His horse had been taken from the buggy and securely hitched near where he was found. He died shortly after being discovered. Indications are that it was a case of suicide.

SECRETARY DAY

Will Probably Not Again Discharge the Duties of Office.

Washington, Sept. 7.—Secretary Day probably will not resume the discharge of the functions of secretary of state, and it may be assumed that his connection with the department, save in the capacity of a peace commissioner, terminated when he left Washington for Ohio recently.

Upon his return to Washington it is expected that he will come to the state department for the purpose of bidding farewell to the employees. There is no longer a reasonable doubt that Justice White has decided to decline the appointment of peace commissioner and that he refrains from making public announcement of his purpose at the request of the president. It is intimated that a very early announcement may be looked for, as there is reason to believe that the president already has made a tender of the commission, and is now awaiting acceptance before making public that fact. Arrangements for the departure of the commission on the 17th inst. from New York are being pushed.

BEAT TO DEATH.

Tom Coyle's Skull Crushed and His Body Hidden Behind a Log.

Richmond, Ky., Sept. 7.—News has been received here that Tom Coyle, son of Hardin Coyle, a well known farmer of Big Hill, this county, was met on the road near Clover Bottom by Tim Lakes, John and Mote Mize, who attacked Coyle with clubs and pistols and beat him to death after a desperate fight. Coyle's skull was crushed and his body thrown behind a log, where it was found later by a woman who saw the fight from a distance. No arrests have been made. Clover Bottom is 20 miles south of here, away from telegraph or telephone.

POPULISTS

Nominate Candidates For President and Vice President.

Cincinnati, Sept. 7.—The middle of the road Populists yesterday reorganized the People's party, renewed its former declaration of principles and nominated its national ticket two years and two months in advance of the date of the election. The object of this early action was to hold off any such fusion as that of 1896. Wharton Barker of Pennsylvania was nominated for president and Ignatius Donnelly for vice president.

Jumped From a Train.

Lebanon, Ky., Sept. 7.—William Gibson, a young man whose home is in Illinois, leaped from the window of a fast moving train near this city and was seriously hurt. The man was dreaming, so he says, and imagined his horse, attached to a buggy, was running off with him, and he leaped for his life. His injuries will not prove fatal.

Von der Ahe Paid Baldwin's Judgement.

Pittsburg, Sept. 7.—The Baldwin-Von der Ahe damage suit which was decided against Von der Ahe several months ago was ended yesterday by the attorney of the St. Louis baseball magnate paying the amount of the Baldwin judgment, in the neighborhood of \$3,000, together with the costs, something over \$1,200.

Yellow Fever.

Washington, Sept. 7.—A report received at the marine hospital from Surgeon H. R. The fever is of a mild type and no danger is apprehended.

CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

1.—That a delegate convention of the voters who desire to act independently be held at Seymour, Ind., on Saturday the 17th day of Sept., 1898, at one o'clock p. m.

2.—That said delegate convention be upon the basis of one delegate vote for each 25 votes cast for Bryan and McKinley, at the last general election to be apportioned equally among the democrats and republicans from the several townships of the county. The number of delegates each township will be entitled to in said convention will be as follows:

ANNOUNCEMENT. FOR CLERK.

JAMES W. LEWIS, of Vernon township, is a candidate as a republican for county clerk on the fusion ticket hereafter to be named.

D. W. Rapp, of Redding township, is a candidate as a republican for county clerk on the fusion ticket to be named September 17.

FOR SHERIFF.

B. C. Lett, of Hamilton township, is a candidate as a republican for sheriff of Jackson county on the fusion ticket to be nominated September 17th.

Marion Griffith is making a trip over the 4th district this week, calling on the "wheel horses" and giving them to understand that he will come again.

DEMOCRATIC Chairman Martin has announced that he will start Senator Turpie, Leon Bailey, Joe Cheadle, Green Smith to speech-making about Sept. 24.

The state committee has fixed Sept. 17 as the date when the republicans of Indiana will formally open the campaign. On that date a ticket will be nominated in Jackson county that will supersede the ring that has so long dominated affairs in Jackson county politics.

D. W. Rapp, of Redding township, is announced as a candidate for county clerk and his name will go before the convention here Sept. 17. Mr. Rapp is one of the substantial men of the county and has a wide acquaintance in every township. He taught several terms of school in Owen and Saltcreek township where he has many friends.

The wisdom of the county central committee in deciding to join with the independent democrats of Jackson county in naming a county ticket is generally conceded by the party. The committee has carefully preserved the county organization and will faithfully perform all duties coming before it. The interests of the republican party will be in no way sacrificed. Strange as it may seem the ring candidates and their immediate backers are displeased with what our committee has decided upon.

Six months ago the country was full of people who knew more about how to deal with Spain than the president of the United States. Statesmen and warriors were plentiful in every community. They talked much and loud. They knew just what to do and how to do it. They would recognize the Cuban Republic and declare war instant. They would march a volunteer army across Cuba from west to east and liberate every Cuban mighty quick.

But as events transpired these wise-creed got less boisterous for they realized that they were wrong on nearly every proposition and that the war was being speedily pushed to a successful termination. They shouted for Dewey, and Sampson and Schley, for Shafter, for [the Rough Riders, for the regulars, and for the volunteers. They became fulsome in their praise of McKinley. They were proud of everything that was American. But since peace has been declared a few of these patriots are getting back in to the line as critics and faultfinders. They are now talking for political effect. They see hardships in war that they believe can be turned to the advantage of the democratic party. They will talk to that end until November, when they may learn that the people generally have a broader idea of patriotism than is represented by these self appointed part-

SERGEANT HALL

Writes an Interesting Letter From Camp Meade.

EDITORS REPUBLICAN:

I see you have an able correspondent from this center, but facts written from a different point of view are often equally interesting. We have a model camp here, but as the idea of going home seems to have developed into a certainty, of course impatience reigns supreme. There has been much discussion regarding the home going movement which in some respects has been prejudicially colored. It is true a majority preferred home to doing garrison duty. Why should we not? But it is equally true that some of our officers are now lying under a cloud for using unfair and deceitful means to prevent the boys desires, because of the actions of a few. The fact is the majority of the officers have been content to let matters run their course. It is also equally true that the Indiana boys would have done their duty if ordered to Cuba.

We expect to move toward Indiana in ten days. While I had no voice in the home going movement yet it is my greatest desire to see the wishes granted of boys who by their obedience and kindness have shown me the greatest of respect. Have almost fully recovered from my illness and am again filling my position as first sergeant which has been so ably filled by sergeant Edwin Boyatt. We are daily expecting the return of Captain Applewhite, who is on leave of absence. The sympathy of the entire company has been with him during his illness. Captain Applewhite is a model captain, governed his men with kindness and is loved by all. Since we are to go home the boys of Co. G, are anxious to be present at Seymour's great success, the street fair.

I see that Ralph Erwin takes the opportunity to criticize some of the late appointments. It is needless to say much regarding this, as Bond's ability is well known to the friends of Co. G. We have great respect for Private Erwin and are aware of his ability to fulfill any office, yet he was not justified in criticizing Bond's appointment.

Private Shultz, of Columbus and Miller, of Clifford, were sent to the hospital this morning for treatment. Their cases seem to be mild fever. Otherwise all are well. Best wishes,

WILL A. HALL, 1st Sgt. Co. G.
Camp Meade, Sept. 5, 1898.

Light and Artificial Fog.

The production of cloud by the action of ultra violet light was demonstrated at a soiree at the Royal society by C. T. R. Wilson. The beam from an arc lamp was focused by a quartz lens in a tube containing moist air free from dust. In a few minutes a blue fog was seen to form in the illuminated cone, and this fog could be made to move by applying heat to the tube locally. When the ultra violet rays were cut off by a sheet of mica, no such formation took place, and it is therefore suggested that the small particles which give rise to the blue of the sky are produced by the ultra violet rays of sunlight absorbed in the upper layers of the atmosphere.—Engineering.

Press Women of Louisiana.

The press women of Louisiana are generously recognized by their brothers of the fourth estate. At the annual meeting of the New Orleans Press club, recently held, it was voted to admit women to membership. Speaking of this, The Daily Picayune says: "The women engaged on the newspapers in New Orleans are perhaps not the least among the great body of workers, and it was a gracious recognition of their worth to accord them membership in the great newspaper league. It is said that the New Orleans Press club is the first in the country to admit women to membership. The act was characteristic of the well known chivalry of our southern craft. The newspaper women of New Orleans certainly appreciate the compliment extended, and in the press club, as on the press, will give of their best for its success and development."

A Corroborated Criticism.

"What the piece means," said the man who volunteers advice, "is more atmosphere."

"That's exactly what I said," replied the manager. "I told the leading lady yesterday that when she plays that part she ought to put on more airs."—Washington Star.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth velvety skin, rich complexion. It will make a good looking, charming woman of a run down invalid. Only 50 cents at Wm. F. Peter's Drug Store.

Kicked by a Horse.

Timothy Lett, near Slate, met with an accident last evening. He was riding a young horse and when near Staples Ford the animal threw him off, and then turned and kicked him in the head crushing in his skull. He is very seriously and probably fatally hurt. Dr. Casey was called to see him this forenoon. Mr. Lett is a son of Fielding Lett, and is one of the best known men in that community.

Two Prizes Captured.

Ed. Walters, clerk for E. S. Crabb and Amizona Montgomery, clerk for John Lauster were the last lucky ones to secure the Blish Milling Co.'s silver ware prizes. It looks like the boys were playing "shenanigan" but they say their friends often give them coupons. But its all right, there are plenty of the sets to be distributed and the Mill Co. want everybody to have one. There is a coupon in every sack.

The big crowds were enraptured over the realistic and splendid battle scenes and the wonderful fireworks. The same production, with even more elaborate setting, will be a feature of the Indiana State fair next week. All should see it.

"What's over?" The war. "Well who doesn't know that?" You may, but however you will want a permanent record of this war, a souvenir for all time. There has been many histories of the war, treating principally of the struggle between Cuba and Spain and probably carrying you as far as Dewey's victory and so forth. But you will soon be called upon to examine the sample sheets of what is to be the permanent record of our war with Spain; a beautiful souvenir, issued in one large and handsome volume, 12 inches wide by 15 inches long, the first opening pages of which permits of its illustrations and maps being 13 by 21 inches.
